24 July 2017

Dear Parents/ Caregivers,

As part of Science Week 2017, all Year 7 Science Classes will be taking part in a **Reptile Show Incursion** at the College on **Friday 25 August 2017**. The Incursion is presented by the Australian Reptile Park and provides students with an interactive and hands-on activity.

The Australian Reptile Park's Wildlife Educator takes students through an evolutionary tale, enhanced by live snakes, lizards and crocodilians. He explores current topics relating to the conservation of wildlife, the preservation of Australian ecosystems, and the remarkable life of reptiles.

If you have any concerns regarding this Incursion please contact your son's Science Teacher.

Regards,

Mr John Dinnen
Acting Science Coordinator
