17 December 2013

Preliminary Grades, RoSA and 2014 HSC Record of Achievement

Dear Parents/Carers and Students of Year 11,

In 2013, schools awarded A to E Grades for the first time to Year 11 students showing their levels of achievement in Stage 6 Preliminary courses. These grades were finalised and made available to students through Studentsonline. For students who have not yet activated their Studentsonline account, this can be done by following the links on the Board of Studies website, using their school email address. (XXXXX@stgregs.nsw.edu.au)

Year 11 schools leavers with completed Preliminary courses will receive these grades on their Record of School Achievement (RoSA) or Transcript of Study credential upon leaving school.

Students completing their HSC examinations in 2014 will receive these grades on their 2014 Higher School Certificate Record of Achievement.

Please note: the Board of Studies has responded to concerns expressed about Stage 5 and Preliminary grade results appearing on the 2014 HSC documents. As 2014 will be the first year students’ grades are included on the HSC Record of Achievement, and they are the first cohort of Year 11 students to be awarded grades, the grades will appear on a separate page. This will apply to the 2014 cohort only.

If you have any questions, please do not hesitate to contact me on (02) 4629 4231 or via email catherine.keegan@stgregs.nsw.edu.au.

Wishing you and your families all the best for Christmas.

Yours sincerely,

Catherine Keegan
Director of Teaching and Learning
