Social Media Policy – Parents and Carers

RATIONALE:

St Gregory's College Campbelltown (the 'College') understands that contemporary life requires adapting to ever changing methods of communication. The College has policies for appropriate use of Social Media by staff and students. As part of the St Gregory's College community, parents and carers of the School also have a responsibility to engage appropriately with Social Media that is linked to the College. The College has developed the following guidelines to provide direction for parents and carers when participating in Social Media activities, e.g. classroom blogs, the College Facebook page, emails or any other Social Media platform/s used by parents and carers in connection with the College either directly, or indirectly in circumstances where the College, a parent, staff member and/or student of the College is identifiable.

The College encourages parents and carers to set and maintain high ethical standards in their use of social networking. Be respectful of the opinions of others. Your posts and comments should help build and support the College community. Your online behaviour should reflect the same standards of honesty, respect, and consideration that you use in face to-face interactions with the College and be in accordance with the Catholic and Marist ethos of the College.
